Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: Claims 1-23 have been found to be allowable since while the prior art teaches a lithographic apparatus having a reference frame made from a material with a low coefficient of thermal expansion but the prior art either alone or in combination, neither discloses nor makes obvious the combination of a reference frame for use in a lithographic apparatus, a corresponding lithographic apparatus and method, wherein the reference frame is dynamically isolated from a base frame which supports at least one of a patterning device and a substrate and the reference frame is made of a material having a coefficient of thermal expansion of greater than about $2.9 \times 10^{-6}/K$, as recited in the instant claims of the present invention. Applicant's arguments filed December 23, 2005 are deemed persuasive and incorporated herein by reference. For example, see page 6, lines 13-24 of remarks.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
